

Preface.

1. Introduction.

2. Chemical Binding.

3. Energies, Forces and Bonds.

4. Rates of Reaction.

5. Transport Processes.

6. Some Techniques and Methods.

7. Biological Polymers.

8. Biological Membranes.

9. Biological Energy.

10. Movement of Organisms.

11. Excitable Membranes.

12. Nerve Signals.

13. Memory.

14. Control of Movement.

Appendix A: Elements of Quantum Mechanics.

Appendix B: The Hydrogen Atom.

Appendix C: Thermal Motion.

Appendix D: Probability Distributions.

Appendix E: Differential Equations.

Name Index.

Subject Index.
